Pamela Patacsil

College Student

Personal Profile

A fourth-year IT student with experience in developing web and mobile applications, seeking an internship role where I can assist on software development projects using my technical background and aim to upgrade skills and deepen my understanding of various technology.

Education Background

- **Urdaneta City University**
  2018 - present

  Bachelor of Science in Information Technology

Projects

- **Mang Macs RMS**

  - Developed the overall web application for managing orders, reservations, inventory, menu, and monitoring order history. It handles the customer's order and table reservation from the **TapAndEat** Android application.
  - *Tech used: Java, Android Studio, Retrofit2, PHP, MySQL*

- **CovBot**

  - Developed a web application covid-19 chatbot for assessing patients to quickly self-assess their risk of virus infection and direct them to the right treatment.
  - *Tech used: PHP, JavaScriptEs6+, MySQL*

- **Mang Macs Landing Page**

  - Created a responsive website landing page for Mang Mac's Marinero's Pizza House located at Brgy. Sta. Lucia, Bypass Road, Urdaneta City, Pangasinan.
  - *Tech used: JavaScriptEs6+, PHP, MySQL*

SKILLS

- HTML5, CSS3/Bootstrap
- JavaScript ES6+
- PHP
- MySQL
- Android Java
- Android Studio
- Git
